Whatever type of building you're developing, we have a solution to fit your design, budget, and building-use requirements.

BUILD SMARTER

Take advantage of our new planning tools to help you save time, make the right decisions, and plan your elevator car interior down to the very last detail.

KONE CAR DESIGNER

Check out our themed design directions or create your own unique car interior by combining materials, lighting, and accessories, then bring your vision to life with 3D modeling.

KONE CAR DESIGNER MOBILE APP

Bring your elevator car designs to life with immersive virtual, mixed, and augmented reality experiences to use in client showcases.

ATTRACTIVE, DURABLE WALL FINISHES

Our innovative new smart-surface laminates make it easier than ever to keep your elevator clean and looking its best, with a built-in antimicrobial surface and superb resistance to stains, abrasion, and scratches. Any small scratches on the surface can be “healed”.

Our specialized anti-stain, anti-fingerprint coating helps keep colored stainless steel surfaces looking as good as new by preventing staining and making fingerprints less visible.

MediaScreens take the pain out of communicating with tenants and other users of buildings. The screens are installed on the elevator wall and come with the online KONE Information 300 service, a powerful and easy-to-use solution for sharing and scheduling content. Please ask your KONE representative for further details.

KONE provides innovative and eco-efficient solutions for elevators, escalators, automatic building doors and the systems that integrate them with today's intelligent buildings.

We support our customers every step of the way; from design, manufacturing and installation to maintenance and modernization. KONE is a global leader in helping our customers manage the smooth flow of people and goods throughout their buildings.

Our commitment to customers is present in all KONE solutions. This makes us a reliable partner throughout the life cycle of the building. We challenge the conventional wisdom of the industry. We are fast, flexible, and we have a well-deserved reputation as a technology leader, with such innovations as KONE MonoSpace® DX, KONE NanoSpace™ and KONE UltraRope®.

KONE employs close to 57,000 dedicated experts to serve you globally and locally.
